

TECHNICAL INFORMATION

Super StripaCast Non hazardous paver stripper

Product specification

Super StripaCast is an environmentally friendly stripper designed to remove old coatings from concrete paver surfaces. Super StripaCast like all other strippers will react differently to different materials and coatings. For this reason, always do a small test area to ensure desired results. A scrape test is also a good way to determine if the Super StripaCast is degrading the old product.

Environmentally Friendly

Totally Water- Based

Non- Hazardous

B E N E F I T S

- Can be sprayed with a pump sprayer
- Contains no Chlorinated Solvents like other products
- Can be used as a cleaner as well as a stripper
- Can be used on sandstone materials
- Will remove various acrylic coatings
- No rollers or brushes required to apply
- Can be applied in cold and hot temperatures
- Non slick
- Non toxic- Non hazardous- Non flammable

Use: For approved applicators

New & existing construction: Apply Super StripaCast with a hand pump sprayer or roller to assist in removing old degrading sealers from porous concrete surfaces. Powerwash after material has cured to a white haze. Repeat if necessary.

Environmental responsibility

Since 1991 Deco Products has been manufacturing only non- hazardous and solvent free sealers and coatings for the concrete industry. We take pride in communities and neighborhoods and want to preserve and protect our planet for generations to come.
